If a member has been ordered to work overtime hours, then the provisions of Section 2-B above shall not apply to those hours.

Section 3: The City shall establish the hours of work at the sole discretion of the Chief of Police. The City agrees that work schedules will not normally be changed or altered to avoid payments of overtime.

Section 4: A member who is off-duty but who is required to appear as a witness in a criminal or civil proceeding as a result of the member’s employment with the City shall be compensated for the actual time spent in court.

B. A member shall be compensated for a minimum of three (3) hours at one and one-half (1/1/2) times the member’s regular hourly rate of pay when any such court appearance commences outside of sixty (60) minutes before the start of or after the end of the member’s assigned shift.

A. A member who is off-duty but who is called back to work outside of sixty (60) minutes before the start of or after the end of the member’s assigned shift shall be compensated a minimum of three (3) hours at one and one-half (1-1/2) times the member’s regular rate of pay.

B. A member who is off-duty but who is called back to work to receive notice of a disciplinary action shall not be paid overtime; however, every effort will be made to give disciplinary action on the shift or in writing to avoid having the member called back for disciplinary purposes.

Section 7: A member who is on telephone stand-by as required by the Chief of Police, or designee, shall be compensated at straight time for each hour that the member is on telephone stand-by. Where the City makes available a pager/beeper to the member, then the member shall not receive pay for the stand-by.

Section 8: A member who is required to wear a pager/beeper during the member’s off-duty hours shall not receive any additional compensation for any hour that the member is required to wear the pager/beeper.

As of October 1, 2008 members shall receive a 3% increase in base salary. In the event another bargaining unit receives more than a 3% increase in base salary, said additional increase shall be given to the members covered by this agreement.

Section 2: The City pay plan shall provide skill compensation as stated below.

A. The City shall pay skill compensation at the flat dollar value of fifteen hundred dollars ($1,500) per year pro-rated bi-weekly, outside of the member’s base salary to a member who is assigned a specified skill as a detective or to a member who is assigned to the Investigate Services Bureau.

Section 3: The City shall provide a shift differential payment as stated below.

A. A member who is assigned to any Road Patrol Division shift that begins at or after 5:00 p.m., and who works more than half of that shift shall receive $10.00 per shift.
B. Excluding Road Patrol personnel, a member assigned to any shift that begins at or after 3:00 p.m., and who works more than half of that shift shall receive $5.00 per shift.

Section 4: The City shall provide an annual longevity benefit to each member who has completed ten (10) or more years of service with the City, subject to the conditions stated in this section. Any longevity benefit payment shall be made outside of the member’s base salary.

A. The value of the longevity benefit payment shall be:

$1,000 if the member has completed 10, 11, 12, 13, or 14 YOS; or
$2,000 if the member has completed 15, 16, 17, 18, or 19 YOS; or
$3,000 if the member has completed 20 or more YOS.

1. A member’s completed number of years of regular, full-time service with the City shall be determined by the member’s anniversary date during the year that the longevity payment is made.

2. The longevity benefit payment provided for in Section 4A above shall be paid in a lump sum on the first pay date in December.

   a. If a member leaves the employ of the City subsequent to receiving a lump sum longevity benefit payment in December, and prior to the member’s anniversary date, then the City shall determine the pro-rated value of that longevity benefit for the remainder of the period between the date that the member leaves the employ of the City and the member’s anniversary date, and subtract that amount from the member’s final pay.

   b. If the amount of the member’s final pay is less than the value of the longevity payment that the member owes to the City, then the member
shall reimburse the difference to the City no later than thirty business days from the date that the member leaves the employ of the City.

B. Those members who received an annual longevity benefit payment in Fiscal Year 2005 that is greater than the payment provided for in Section 4A above shall continue to receive only that longevity benefit payment until such time that the member becomes entitled to a longevity benefit payment increase provided for in Section 4A above.

1. A longevity benefit payment provided for in Section 4B above that is more than $2,000 per year shall be paid pro-rated for 26 pay periods. Such longevity payment shall not be included as part of the member’s annual base salary, and shall be pro-rated and paid-bi-weekly outside of the member’s annual base salary.

Section 5: A member may receive vacation leave pay or holiday leave pay in advance by delivering a written request for said leave directly to the Human Resources Department Payroll Division.

A. For a member who does not work an 11.5 hour shift the request shall be honored provided that the request is for a minimum of forty (40) hours of leave, and is received in the Human Resources Department Payroll Division at least two weeks prior to the first day of the member’s scheduled leave.

B. For a member who works an 11.5 hour shift, the request shall be honored provided that the request is for a full two-week increment only (in order to avoid payroll processing problems), and is received in the Human Resources Department Payroll Division at least two weeks prior to the first day of the member’s scheduled leave.
C. The member shall receive the advanced leave payment either on
the last pay date prior to the first day of the member’s scheduled leave or the member’s

Section 4: Except as otherwise provided in this Article, if on one (1) year from date that the member suffered the on-the-job injury or illness the member is unable to perform substantially all of the duties called for in the member’s job description as a result of that injury/illness, then the member shall be subject to Section Sixteen and one-quarter dash seventy-nine (16 & ¼-79) of the City Code.

If at any time prior to one (1) year from the above stated date the City and the PBA agree that such member shall not be able to substantially perform all of the duties called for in the member’s job description, the City may at its discretion, terminate such member from employment providing the member receives equivalent benefits as if one (1) year had elapsed.
Section 5: The City shall pay two (2) full years of compensation to the designated beneficiary (ies) of a member who dies as a result of an injury arising out of or in the course of employment as determined pursuant to Chapter 440 of the Florida Statutes. For purposes of this section, compensation shall be defined as the annual base salary earned by the member of the date of the member’s death.

The City shall deduct applicable mandatory federal deductions from each installment payment.

In the event that there is more than one designated beneficiary, then the value of the said benefit to be paid by the City shall be split as equally as possible among the designated beneficiaries.

C. In the event that the member owes the City for used but not earned vacation leave and/or sick leave and/or monies shall be subtracted first from the cash value of all accumulated sick leave hours prior to the payout limitations stated in the Sick Leave article of this Agreement; then from the cash value of all accumulated vacation leave hours prior to the payout limitations stated in the Vacation article of this Agreement; then from the cash value of all accumulated compensatory leave hours; and then from the value of the first installment payment of the benefit stated in this section.

The cash value of any monies which may be owed by the member shall be calculated based on the member’s hourly base rate of pay on the effective date that the member terminated employment with the City.

Section 6: It is the intent of the parties that any time-off from work for the purpose of time away from work as defined in this article shall not be included as hours worked for the City of Margate. on a pro-rated basis as follows:

beginning with the first day of the fiscal year and ending with the effective
date that the member terminates employment with the City, determine the
number of designated holidays recognized for the non-bargained for
management personnel of the Police Department, then multiply that
number by eight (8) hours, then subtract from that resulting number the
number of holiday hours used by the member, and then multiply that
resulting number by the member’s regular hourly rate of pay.

If the final dollar figure determined above is a positive number, the City shall
compensate the member for that amount; if the final dollar figure determined
above is a negative number, then the member shall reimburse the City for that
amount.

Section 8: It is the intent of the parties that any time-off from work for the
purpose of holiday leave as defined in this article shall not be included as hours

Section 4: A member shall be required to call in each day s/he is out on sick leave. The call may be made by either the member or any other person on behalf of the member. A member who is hospitalized shall not be required to call in every day. In such situations, a written statement from the member's physician as to the duration of time the member will be out shall suffice.

Section 5: A member who becomes ill during a tour of duty shall be charged sick leave for the actual time lost from regular duty.

Section 6: A member who requires time off to personally care for an immediate family member who suffers from a serious health condition shall use first her/his
accumulated sick leave, then her/his accumulated vacation leave, and then her/his accumulated holiday leave. At the mutual agreement of the City and the member, the member, after first exhausting all accumulated sick leave, accumulated annual leave, and accumulated holiday leave, may use accumulated compensatory leave for leave permitted in this Section.

Any accumulated sick leave, vacation leave, holiday leave, and/or compensatory leave used by the member to personally care for a family member who is covered under the guidelines of the Family and Medical Leave Act (FMLA) shall be counted towards the total leave permitted under that Act.

Section 7: It is the intent of the parties that any time-off from work for the purpose of sick leave as defined in this article, shall not be included as hours worked for the City of Margate. The cash value of said unused sick leave stated in this section shall be calculated based on the member's hourly base rate of pay on the date of the member's death. The payout limitations stated in Section 10 of this article shall not apply to an event covered under this specific section.

Section 9: In the event that a member becomes disabled, and said disability prevents the member from continuing employment with the City pursuant both to this agreement and as well as to Section 16 1/4-79 of the City Code, upon the termination of that
member, the member shall be entitled to the cash value of all unused sick leave available on the date that the member terminated employment with the City, subject to the provisions of Section 11 below. The cash value of said unused sick leave stated in this section shall be calculated based on the member's hourly base rate of pay on the date that the member became disabled. The payout limitations stated in Section 10 of this article shall not apply to an event covered under this specific section.

Section 10: A member who has at least ten years of full-time service with the City and who either terminates employment in good standing, or resigns or retires, and said resignation or retirement is not the result of a disability, shall receive the cash value for sick hours accumulated pursuant to Section 1 of this article in the following manner:

number of accumulated hours multiplied by 50-60\%, up to a maximum of 2,080 hours, multiplied by the per hour dollar value of the average of the member’s three highest hourly base rates. The hourly base rate is defined as the hourly rate earned not only on the effective date that the member left the employ of the City but also on each such calendar date for all previous years of employment.

In calculating the above pay out, when the effective date that the member terminates employment is February 29, the same such effective date for all non-leap years shall be February 28.

Section 11: In the event that the member owes the City for used but not earned sick leave and/or vacation leave and/or personal leave and/or for all other types of monies that may be owed, the cash value of those monies shall be subtracted first from the cash value
of the combined total number of accumulated hours of sick leave and personal leave (prior to the pay-out limitations stated in Section 10 above and Article 31 Section 11 of this Agreement) and vacation leave capped at 660 hours; and then from the cash value of all available holiday leave hours; and then from the cash value of all accumulated compensatory hours.

All cash values for unused vacation leave, unused sick leave, unused personal leave hours, available holiday leave, and accumulated compensatory leave, as well as for vacation leave, sick leave, personal leave and all other types of monies that may be owed by the member to the City shall be calculated based on the member’s hourly base rate of pay on the effective date that the member terminates employment with the City.
ARTICLE 22

VACATION LEAVE

Section 1: A member shall be eligible for paid vacation leave beginning on the first day of full-time employment with the City.

Section 2: A member shall accrue vacation leave each regular pay period as described below in this section. A regular pay period shall be as defined in Article 14, Section 1 of this Agreement.

A. A member who has not completed five years of full-time employment with the City shall accrue a maximum of 3.0769 hours of vacation leave per regular pay period.

A member covered under Section 2-A of this article who is compensated for less than eighty hours in a pay period shall accrue vacation leave at the rate of 3.0769 hours pro-rated, based on the actual number of hours worked by the member during that pay period.

B. A member who has completed more than five years of full-time employment with the City but less than ten years of full-time employment with the City shall accrue a maximum of 4.6154 hours of vacation leave per regular pay period.

A member covered under Section 2-B of this article who is compensated for less than eighty hours in a pay period shall accrue vacation leave at the rate of 4.6154 hours pro-rated, based on the actual number of hours worked by the member during that pay period.

C. A member who has completed more than ten years of full-time employment with the City shall accumulate a maximum of 6.1538 hours of vacation leave per regular pay period.

A member covered under Section 2-C of this article who is compensated for less than eighty hours in a pay period shall accrue vacation leave at the rate of 6.1538
hours pro-rated, based on the actual number of hours worked by the member during that pay period.

D. Beginning with the first pay period of each year of this agreement and ending with the last pay period of that same year, a member who has completed more than twenty years of full-time employment with the City and who has not been out on sick leave for more than one work day during the previous contract year ending September 30, shall accumulate a maximum of 7.6924 hours of vacation leave per regular pay period for that contract year.

Section 3: A member may accumulate a maximum aggregate of 660 vacation leave hours, except as otherwise provided for in this article. The cap of 660 hours shall be adjusted by the number of vacation leave hours cashed in by the member employee upon entering the FRS retirement incentive program known as DROP. When appropriate throughout this section, all provisions shall be subject to applicable DROP-related adjustments.

A. In the event that a member submits a vacation leave request at least two (2) months prior to the starting date of the desired leave, and the City denies that request, and the member’s accumulated vacation leave subsequently exceeds the annual cap as a result of being denied that vacation leave request, the member shall have until March 31 of the subsequent year in which to take that excess leave before the excess leave shall be forfeited.

B. In lieu of accruing vacation leave on the per pay period basis provided for in Section 2 of this Article, a member who has reached or exceeded the cap as of September 30 of each given fiscal year covered under this agreement shall receive a lump sum amount of either 120 hours or 160 vacation leave hours whichever is applicable.
pursuant to Section 2 of this Article on October 1 of the next fiscal year. The member shall have the discretion to use vacation leave hours as provided for in this article.

Section 4: A member who reached the cap as of September 30 of a given fiscal year and who terminates employment with the City for any reason anytime prior to the end of the next fiscal year shall either be compensated for earned but not used vacation leave or reimburse the City for used but not earned vacation leave as calculated below.

A. Step 1: Count the number of pay periods beginning on October 1 and ending on the effective date of the member’s last day of employment; multiply that number by 4.6154 hours or by 6.1538 hours (if the member has ten (10) or more years of service) or by the appropriate combination of 4.6154/6.1538 hours per pay period (if the member reaches ten or more years of service during that fiscal year). Add that amount to 660 hours to determine the total allowable vacation leave hours.

Step 2: Compare the number of vacation leave hours taken by the member during that fiscal year to the total allowable vacation leave hours from Step 1.

Step 3a: If the number of vacation leave hours taken by the member during that fiscal year is less than the total allowable vacation leave hours from Step 1, then the City shall compensate the member for the dollar value of those hours up to 660 hours.

Step 3b: If the number of vacation leave hours taken by the member during that fiscal year is greater than the total allowable vacation leave hours from Step 1, then the member shall reimburse the City for the dollar value of that difference.

B. If the member has entered DROP and has sold back 500 vacation leave hours to DROP:

PAGE 22-3
COLLECTIVE BARGAINING AGREEMENT BETWEEN THE CITY OF MARGATE AND THE
POLICE BENEVOLENT ASSOCIATION, LIEUTENANTS AND CAPTAINS, OCTOBER 1, 2008
THROUGH SEPTEMBER 30, 2011.

Step 1: Count the number of pay periods beginning on
October 1 and ending on the effective date of the member’s last day of employment;
multiply that number by 4.6154 hours or by 6.1538 hours (if the member has ten (10) or
more years of service) or by the appropriate combination of 4.6154/6.1538 hours per pay
period (if the member reaches ten or more years of service during that fiscal year). Add
that amount to 160 hours to determine the total allowable vacation leave hours.

Step 2: Compare the number of vacation leave hours taken
by the member during that fiscal year to the total allowable vacation leave hours from
Step 1.

Step 3a: If the number of vacation leave hours taken by the
member during that fiscal year is less than the total allowable vacation leave hours from
Step 1, then the City shall compensate the member for the dollar value of those hours up
to 160 hours.

Step 3b: If the number of vacation leave hours taken by the
member during that fiscal year is greater than the total allowable vacation leave hours
from Step 1, then the member shall reimburse the City for the dollar value of that
difference.

C. If the member has entered DROP and either has sold back
less than 500 vacation leave hours to DROP or has not sold any hours to DROP:

Step 1: Subtract the number of vacation hours sold back to
DROP from 660 hours to determine the maximum payable vacation leave hours.

Step 2a: Count the number of pay periods beginning on
October 1 and ending on the effective date of the member’s last day of employment;
multiply that number by 4.6154 hours or by 6.1538 hours (if the member has ten (10) or
more years of service) or by the appropriate combination of 4.6154/6.1538 hours per pay
period (if the member reaches ten or more years of service during that fiscal year).
Step 2b: Add the amount from Step 2a to the maximum payable vacation leave hours from Step 1 to determine the total allowable vacation leave hours.

Step 3: Compare the number of vacation leave hours taken by the member during that fiscal year to the total number of allowable vacation leave hours from Step 2b.

Step 4a: If the number of vacation leave hours taken by the member during that fiscal year is less than the total allowable vacation leave from Step 2b, then the City shall compensate the member for the dollar value of that difference up to the maximum payable vacation leave hours from Step 1.

Step 4b: If the number of vacation leave hours taken by the member during that fiscal year is greater than the total allowable vacation leave the result from Step 2b, then the member shall reimburse the City for the dollar value of that difference.

Section 5: A member shall:

A. be entitled to take a minimum increment of one hour of vacation leave at a time;

B. be permitted to take split vacation leaves;

C. be allowed to utilize any combination of accumulated compensatory leave, holiday leave, and regular days off in conjunction with approved vacation leave.

In computing vacation leave taken pursuant to this article, regular days off immediately preceding the commencement of, falling within, or following the termination of the member’s vacation leave shall be excluded.

Section 6: A member shall be entitled to use accumulated vacation leave subject to the approval of the Police Chief, or designee.
A. A member shall submit a written request for vacation leave to the Police Chief or designee not later than thirty (30) days prior to the desired date(s) of leave. The time requirement for submitting that request may be waived at the discretion of the Police Chief.

1. The Police Chief, or designee, shall approve the request subject to the staffing and operational needs of the Department. Approval shall not otherwise be unreasonably withheld. In the event that a member’s leave request is denied, the member may request that the City Manager review the matter. The City Manager shall have the sole final decision in the matter.

Section 7: Subject to Section 6 above, a member shall have the option of using the member’s vacation leave hours anytime during the fiscal year.

A. A member may receive vacation leave pay or holiday leave pay in advance by delivering a written request for said leave directly to the Human Resources Department Payroll Division.

1. The request shall be honored provided that the request is for a minimum of forty hours of leave and is received in the Human Resources Department Payroll Division at least three weeks prior to the first day of the member’s scheduled leave.

2. The member shall receive the advanced leave payment either on the pay date prior to the first day of the member’s scheduled leave or on the member’s last scheduled work day prior to the first day of the scheduled leave, whichever is the later.

B. The City shall not issue a manual check (a manual check is a check that is not processed through ADP) to fulfill a member’s request to receive any type of pay in advance of a normal pay date, except to correct a processing error caused by either ADP personnel or City of Margate Human Resources payroll personnel.
Section 8: At the sole option of the City, a member may sell accrued vacation leave to the City as follows:

A. No later than September 1, the member shall submit a written request to the Police Chief who shall then submit a composite list to the City Manager no later than October 1st.

B. The total amount of monies available for the purchase of accrued vacation leave from all City employees shall be determined by the City Commission as part of the annual City budget.

1. Payment shall then be made on the basis of a ratio of the total number of City employees who requested to “sell” accrued vacation leave to the City to the total funds available for such purchase by the City.

2. For example: if the total list of such employees numbers fifty (50) persons, and there is Twenty-five Thousand Dollars ($25,000.00) available for the purchase of accrued vacation, then each person shall receive Five Hundred Dollars ($500.00), less that amount of money required by the City to meet the employer contributions for FICA taxes and Florida Retirement System.

3. In the event that the equal division of the available money between all employees exceeds the needs of any one employee’s request, then the excess of the equal division shall be reapplied to the aggregate dollars available for the remaining employees.

4. A member shall receive payment for selling vacation leave between the December 1 and December 15 of the year in which the funds were budgeted.

Section 9: It is the intent of the parties that any time-off from work for the purpose of vacation leave as defined in this article, shall not be included as hours worked for the City of Margate. Should any construction of the Fair Labor Standards Act determine otherwise, either party, with reasonable notice, may call for renegotiation of this article.
Section 10: In the event of the death of a member, that member's heir(s) shall be entitled to an immediate lump sum payment equal to the cash value of all unused vacation leave available at the time of the member's death, subject to the provisions of Section 13 below. The cash value of said unused vacation leave stated in this section shall be calculated based on the member's hourly base rate of pay on the date of the member's death. The payout limitations stated in Section 12 of this article shall not apply to an event covered under this specific section.

Section 11: In the event that a member becomes disabled, and said disability prevents the member from continuing employment with the City pursuant both to this Agreement as well as to Section 16-1/4-79 of the City Code, upon termination of that member, the member shall be entitled to the cash value of all unused vacation leave available on the date that the employee left the employ of the City, subject to the provisions of Section 13 below. The payout limitations stated in Section 12 of this article shall not apply to an event covered under this specific section.

Section 12: A member who resigns or retires and said resignation or retirement is not the result of a disability, shall receive the cash value for vacation time accumulated pursuant to Section 2 and Section 3 of this article in the following manner:

   Number of accumulated hours, up to a maximum of 660 hours, multiplied by the member's base hourly rate of pay on the effective date of the member's resignation/retirement, subject to the provisions of Section 13 below.

Section 13: In the event that the member owes the City for used but not earned vacation leave and/or sick leave and/or personal leave and/or for all other types of monies that may be owed, the cash value of those monies shall be subtracted first from the cash value of the combined total number of accumulated hours of sick leave and personal leave (prior to the pay-out limitations stated in Article 32
Section 11 and in Article 38 Section 11 of this Agreement) and vacation leave capped at 660 hours; and then from the cash value of all available holiday leave hours; and then from the cash value of all accumulated compensatory hours.

All cash values for unused vacation leave, unused sick leave, unused personal leave hours, available holiday leave, and accumulated compensatory leave, as well as for vacation leave, sick leave, personal leave and all other types of monies that may be owed by the member to the City shall be calculated based on the member’s hourly base rate of pay on the effective date that the member terminates employment with the City.
ARTICLE 23

F. The member may have legal counsel and/or a PBA representative present during any interrogation and be granted reasonable periods of private consultation with that legal counsel and/or PBA representative.

When such counsel or representative is not immediately available, the investigation shall be postponed for not more than thirty-six (36) hours in order to afford the member the opportunity to secure counsel or representation.
G. There shall be no "off the record" questioning. All interrogations must be recorded, with a copy going to the member being investigated. All in conformance with State law.

H. A member shall answer all questions concerning a non-criminal matter that may result in disciplinary action; however, if during the course of an internal investigation or interrogation the member under investigation is suspected of committing a criminal offense, the member shall be advised of the member's rights under the Miranda Decision.

The City hereby recognizes that a member has the right to refuse to answer all questions concerning criminal matters.

I. A member shall not be ordered to submit to any device designed to measure the truth of the member's response(s) during questioning.

No member shall be coerced in any manner for refusing to submit to such a device.

J. A personnel transfer will not be used in the form of disciplinary action.

K. During internal investigations or interrogations, all questions must be limited to the circumstances surrounding the member's alleged violation of department rules.

P. Should a member receive disciplinary action as a result of an internal investigation and/or interrogation, the member shall serve at least the first sixteen hours of each disciplinary action; the member then shall be allowed to utilize compensatory leave hours, holiday leave hours, or vacation leave hours any time after the first sixteen hours are served to satisfy each disciplinary action.

Q. The findings of an internal affairs investigation shall be labeled "sustained" (guilty as charged) or "not sustained" (not guilty). No other terminology may be used.

R. Only a "sustained" finding shall be inserted in a member's personnel records.

S. No member shall be ordered to submit a written response to a citizen's complaint against one's self. All safeguards of Florida Statutes Chapter 112 shall be observed. This does not preclude a supervisor from ordering that a police report be written by an officer as a result of a call for service, wherein a report should have been taken.

T. A "not sustained" letter of complaint from a citizen shall not be inserted in a member's personnel records.

U. The City agrees that its police officers should have the right to engage in the full range of political activities guaranteed to all citizens and hereby insures that right, except while on duty or in uniform.

Section 4: A member shall have the right to make a copy of the member's personnel records for the member's own use.
ARTICLE 25

The immediate supervisor shall attempt to adjust the matter and respond to the parties presenting the grievance within three (3) working days. K. Upon receipt of the arbitrator's award, corrective action, if any, will be implemented as soon as possible, but in any event no later than fifteen (15) calendar days after receipt of the arbitrator's award.

L. Either party of this agreement desiring transcripts of the arbitration hearings shall be responsible for the cost of such transcripts.
M. The PBA may file a "class action" grievance, providing such filing specifically identifies the class/members to whom such grievance applies. Further, the PBA need not have each member of the class signify his/her participation in the formal submission of grievance, providing the PBA so certifies the participants of the class action.

Time Limits on grievance and arbitration procedures.

All time limits on the grievance and arbitration procedures shall be strictly adhered to unless extended by the parties in writing. Any grievance brought by the union or an employee who does not meet the time limits specifically shall be deemed conclusively abandoned. The payout limitations stated in Section 11 of this article shall not apply to an event covered under this specific section.

The cash value of said unused personal leave stated in this section shall be calculated based on the member’s hourly base rate of pay on the date that the member leaves the employ of the City of Margate.
Section 11: A member who resigns or retires in good standing, and said resignation/retirement is not the result of a disability, shall receive a payment of the cash value for all personal leave hours accumulated pursuant to this article.

The payment shall be equal to the cash value calculated by multiplying the number of accumulated personal leave hours by the per dollar hour value of the average of the member’s three (3) highest hourly base rates of pay.

Section 12: In the event that the member owes the City for used but not earned personal leave and/or sick leave and/or vacation leave and/or for all other types of monies that may be owed, the cash value of those monies shall be subtracted first from the cash value of the combined total number of accumulated hours of personal leave and sick leave (prior to the pay-out limitations stated in Section 11 above and Article 21 Section 11 of this Agreement) and vacation leave capped at 660 hours; and then from the cash value of all available holiday leave hours; and then from the cash value of all accumulated compensatory hours.

All cash values for unused vacation leave, unused sick leave, unused personal leave hours, available holiday leave, and accumulated compensatory leave, as well as for personal leave, sick leave, vacation leave and for all other types of monies that may be owed by the member to the City shall be calculated based on the member’s hourly base rate of pay on the effective date that the member terminates employment with the City.
WHEREFORE, in accordance with Florida Statute 447.309(1), the undersigned parties, through their respective authorized representatives, sign this Agreement this_______day of ______________________, 2008.
