Such probationary employee shall have no right of appeal. The probationary period may be extended at the request of the Chief of Police with the approval of the City Manager. Investigation of such questions and complaints must necessarily be conducted by, or under the direction of, department supervisory officials whose primary concern must be the security of the City and the preservation of the public interest.
- 17.2: Letters of reprimand shall be shown to the employee with the requirement that he/she signs same before it is placed in the employee's file, with the understanding only that his/her signature verifies that the employee has seen the letter and does not constitute agreement with the contents. Personnel files shall be open or closed to the public in accordance with state law. Where state law permits personnel files to be closed, then they will be closed to the public.
- 17.3: In order to maintain the security of the City and protect the interests of its citizens, the parties agree that the City must have the unrestricted right to conduct investigations of citizens' complaints and matters of internal security, provided, however, that any investigative interrogation of an employee covered by this Agreement relative to a citizen's complaint and/or matter of internal security shall be conducted in accordance with the law enforcement officers' bill of rights as set forth in Chapter 112, Fla. Stats.
- 17.4: The findings of internal investigations shall be labeled as one of the following:
- A. Sustained – Investigation provided sufficient factual evidence to prove allegations of misconduct;
 - B. Not Sustained – Investigation failed to provide sufficient evidence to prove/disapprove the allegations;
 - C. Unfounded – Investigation finds no factual basis exists that the allegation occurred;
 - D. Exonerated – Investigation indicates incident did occur, but employee's actions were justified, lawful and proper.
- 17.5: Internal investigations and their findings shall be stored, retained, purged, released for public inspection, and/or maintained exempt and confidential in accordance with applicable State and Federal law.

ARTICLE 18

RULES AND REGULATIONS FOR DISCIPLINE AND CONTROL

- 18.1: The City of Coconut Creek Administrative Orders, the Police Department General Orders, Enforcement Procedures, and Administrative Procedures, and the Human Resources Policies and Procedures, as may be amended from time to time, shall be adopted by reference and made a part of this Agreement. Should a conflict exist between these policies and procedures and this Agreement, this Agreement shall prevail. It is agreed and understood that each member of the Bargaining Unit will be provided with an electronic copy of such policies and procedures. Any such new departmental rules and regulations shall be distributed to members within thirty (30) days after formal adoption, or as soon as practical thereafter. Employees will be required to sign for or digitally acknowledge the rules and regulations.
- 18.2: It is recognized that the members of this bargaining unit are supervisors, and that they are required to properly exercise supervisory control as assigned. Failure to reasonably perform normal and routine supervisory functions may result in discipline.

ARTICLE 19

GRIEVANCE AND ARBITRATION PROCEDURE

- 19.1: In a mutual effort to provide a harmonious working relationship between the parties to this Agreement, it is further agreed and understood by the parties that there shall be a procedure for the resolution of grievances between the parties and the procedures outlined in this Article shall be the exclusive procedures used for processing both grievances involving the application or interpretation of the Agreement (i.e., non-disciplinary matters) and grievances involving loss of pay (termination, demotion, or suspension) taken against a member of the Bargaining Unit that is covered by this Agreement. The parties agree and understand that discipline that does not result in a loss of pay (i.e., verbal and written reprimands) may not be grieved under this Article and that, although suspensions of five (5) or fewer shifts may be grieved to Step 3, they may not be taken to arbitration.
- 19.2: Every effort will be made by the parties to settle any grievance as expeditiously as possible. Should either party fail to observe the time limits as set out in the steps of this Article, the grievance will automatically be processed to the next step of the procedure. However, time limits may be modified by mutual written agreement between the parties.
- 19.3: All reference to “days” stated in this Article shall mean calendar days.
- 19.4: Grievances concerning the application or interpretation of this Agreement shall be processed in the following manner and every effort shall be made by the parties to secure the prompt disposition of such grievances.

Step 1:

The member shall first take up a grievance with his/her immediate supervisor within ten (10) days after the employee has knowledge or should have had knowledge of the event(s) which gave rise to the grievance. Such meeting between the member and his/her immediate supervisor shall be on an informal and oral basis.

Step 2:

Any grievance which cannot be satisfactorily settled with the immediate supervisor shall be reduced to writing and signed by the member or a representative of the PBA and submitted to the Chief of Police or his/her designee within ten (10) days of the Step 1 meeting.

The grievance shall be discussed in a meeting by and between the member, a representative of the PBA and the Chief of Police within five (5) days from rendering the grievance to writing. The Chief of Police shall within ten (10) days after this meeting, render his/her decision in writing, with a copy to the PBA.

Step 3:

In the event the member is not satisfied with the disposition of the grievance in Step 2,

the member or the PBA shall have the right to appeal the Chief of Police's decision to the City Manager or his/her designee within ten (10) days from the date of receipt of the Chief of Police's written decision. Such appeal must be accompanied by the filing of a copy of the original written grievance together with a letter signed by the member and a representative of the PBA, requesting that the Chief of Police's decision be modified or reversed. The City Manager or his/her designee shall, within ten (10) days from the filing of such appeal, render a decision in writing to the employee with a copy of the decision to the representative of the PBA.

19.5: Where a grievance is general in nature, in that it applies to a number of members rather than a single member, such grievance shall be presented by the PBA in writing directly to the Chief of Police, within the time limits provided for the submission of a grievance in Step 1. Thereafter, the grievance shall be processed in accordance with the procedures set forth in Step 3.

19.6: This grievance procedure shall be the sole and exclusive method of resolving any dispute concerning non-disciplinary matters regarding the interpretation or application of any provision of this Agreement or any disciplinary matter involving termination, suspension or demotion taken against any member covered by this Agreement.

A. In the event the grievance procedure is utilized to pursue a grievance over a grievable disciplinary matter (i.e., termination, suspension or demotion), the grievance shall be filed directly with the City Manager at Step 3 of the grievance procedure, within the same time limits as for the initial filing of a grievance at Step 1, and the arbitration procedure set forth below shall also apply for termination, demotion, or suspension without pay for five (5) or more workshifts.

B. In the event the grievance procedure is utilized to pursue a grievance regarding any non-disciplinary matter (i.e., an interpretation or application of any provision of this Agreement), the PBA shall have the exclusive right to take such grievances to arbitration, and the City shall not be obligated to proceed to arbitration on any non-disciplinary matters for which the employee is not represented by the PBA.

19.7: **Arbitration Process**

A. In the event a grievance processed through the grievance procedure set forth above has not been satisfactorily resolved, the PBA (or Employee, only in disciplinary matters concerning suspension without pay of more than five (5) work shifts, demotion, or termination) shall file, within fifteen (15) days after the receipt of the City Manager's or his/her designee's written decision on the grievance, a demand for arbitration upon the City Manager and a request to the Federal Mediation and Conciliation Service to furnish a panel of seven (7) names from which each party shall have the option of striking three (3) names, thus leaving the seventh (7th), which will give a neutral or impartial arbitrator. The PBA (or Employee, only in disciplinary matters) shall strike first. This procedure shall be tolled during the pendency of the mediation process, if any, contained in Section 19.9.

- B. The City and the PBA (or Employee, only in disciplinary matters) shall mutually agree in writing as to the statement of the grievance to be arbitrated prior to the arbitration hearing, and the arbitrator, therefore, shall confine his/her decision to the particular grievance thus specified. In the event the parties fail to agree on the statement of the grievance to be submitted to the arbitrator, the arbitrator will confine his/her consideration and determination to the written statement of the grievance presented in Step 3 of the grievance procedure. The arbitrator shall have no authority to change, amend, add to, subtract from or otherwise alter or supplement this Agreement or any part thereof or amendment thereto.
- C. The parties shall make their choice of the arbitrator as soon as practicable. Copies of the arbitrator's award made in accordance with the jurisdiction and authority under this Agreement shall be furnished to both parties within thirty (30) days of the closing of the arbitration hearing. The Arbitrator's award is both final and binding on all parties, including individual employees affected subject only to the provisions of Chapter 682, Fla. Stats.
- D. Each party shall bear the expense of its own witnesses and its own representatives. The arbitrator's bill shall be equally shared by the parties. Expense of obtaining a hearing room, if any, shall be equally divided between the parties. Any party desiring a transcript shall bear the cost of such transcript unless both parties mutually agree to share said cost.

19.8: **Expedited Arbitration**

- A. Should the parties mutually agree, an expedited arbitration may be initiated. The Arbitrator shall be selected in accordance with Section 19.7 above. The hearing shall be conducted by the Arbitrator in such a manner that will expeditiously permit a proper presentation of the evidence and arguments of the parties. The arbitrator shall be the sole judge of the relevance and materiality of the evidence offered. There shall be no stenographic record of the proceedings, nor shall post hearing briefs be filed. The hearing will be completed in one (1) day. When both sides have completed their presentations, the arbitrator shall ask whether either party has any further evidence to offer or witnesses to be heard. Upon receiving negative replies from both sides, the arbitrator shall declare and note the hearing closed. The award shall be rendered promptly, which may include a verbal decision immediately following the hearing provided that the award shall be reduced to writing and signed by the arbitrator as soon as possible following the hearing. Should the arbitrator determine that an opinion is necessary, it shall be in summary form. Unless otherwise determined by the arbitrator, the decision rendered shall not be precedent setting, but the award will be final and binding upon the parties, including any individual affected employee.
- B. The cost of the expedited arbitration hearing will be equally divided between the PBA (or Employee, only in disciplinary matters) and the City. The expense of witnesses for either side shall be paid by the party producing such witness.

19.9:

Mediation Process

- A. Mediation is a form of Alternative Dispute Resolution (ADR) that may be requested by the City or the PBA. It is an alternative, not a substitute for the formal arbitration process contained in Section 19.7 above. Mediation is an informal process in which a neutral third party assists the opposing parties in reaching a voluntary, negotiated resolution of a charge of discipline. The decision to mediate is completely voluntary for the PBA and the City. Mediation gives the parties the opportunity to discuss the issues raised in the charging document, clear up misunderstandings, determine the underlying interests or concerns, find areas of agreement and, ultimately, incorporate those areas of agreement into solutions. A mediator does not resolve the charge or impose a decision on the parties. Instead, the mediator helps the parties to agree on a mutually acceptable resolution. The mediation process is strictly confidential. Information disclosed during mediation will not be revealed to anyone.
- B. If both parties agree, a mediation session conducted by a trained and experienced mediator shall be scheduled at a mutually convenient date and time. Either party may choose to have an attorney represent them during mediation. Persons attending the mediation session shall have the authority to resolve the dispute. If mediation is unsuccessful, the parties may proceed to follow the provisions for Arbitration. Information disclosed during mediation will not be revealed to anyone.
- C. The parties and, if they desire, their representatives and/or attorneys, are invited to attend a mediation session. No one else may attend without the permission of the parties and the consent of the mediator(s).
- D. The mediator(s) will not function as the representative of either party. However, the mediator(s) may assist the parties in understanding their rights and the terms of any proposed settlement agreement. Each party acknowledges being advised to seek independent legal review prior to signing any settlement agreement.
- E. The parties acknowledge that the mediator(s) possesses the discretion to terminate the mediation at any time of any impasse occurs or either party or the mediator deems the case inappropriate for mediation.
- F. Prior to mediation, both the City and the PBA (or Employee, only in disciplinary matters) shall enter into a confidentiality agreement, as follows:
 - 1. This is an agreement by the parties to participate in a mediation involving the City against the above named employee. The parties understand that mediation is a voluntary process, which may be terminated at any time.
 - 2. The parties agree to participate voluntarily in mediation in an effort to

resolve the charge(s) filed by the City.

3. The parties agree that all matters discussed during the mediation are confidential, unless otherwise discoverable, and cannot be used as evidence in any subsequent administrative or judicial proceeding. Confidentiality, however, will not extend to threats of imminent physical harm or incidents of actual violence that occur during the mediation.
4. Any communications between the mediator(s) and/or the parties are considered dispute resolution communications with a neutral and will be kept confidential.
5. The parties agree not to subpoena the mediator(s) or compel the mediator(s) to produce any documents provided by a party in any pending or future administrative or judicial proceeding. The mediator(s) will not voluntarily testify on behalf of a party in any pending or future administrative or judicial proceeding. The parties further agree that the mediator(s) will be held harmless for any claim arising from the mediation process.
6. The parties recognize and agree that the City is subject to Chapter 119, Fla. Stats., relating to public documents. Therefore, all information including all notes, records, or documents generated during the course of the mediation shall be subject to the exemption contained in Section 119.07 (1)(g), until the settlement of the matter, or the conclusion of the arbitration, if any, with the exception of the personal notes of the mediator.
7. If a settlement is reached by all the parties, the agreement shall be reduced to writing and when signed shall be binding upon all parties to the agreement, unless the agreement requires City Commission approval, in which case the agreement will not become binding until publicly approved by the City Commission. Said agreement shall be subject to the provisions of Chapter 119. If the charge(s) is not resolved through mediation, the parties may proceed to follow the provisions for arbitration.

ARTICLE 20

UNIFORMS AND EQUIPMENT

- 20.1: The City agrees to provide all uniforms and equipment necessary to perform the duties of a Police Lieutenant.
- 20.2: All Lieutenants assigned to plain clothes regular work assignments shall receive a clothing allowance of \$750 per year. Such clothing allowance shall be prorated and paid on a biweekly basis. Such funds are intended for the purchase of civilian clothing within the guidelines established by the Chief of Police. Employees shall not be eligible for the plain-clothes assignment while on light duty, leave without pay, or extended leaves of absences.
- 20.3: Bargaining unit employees shall be provided a cell phone stipend in the amount of \$75.00 per month, which shall be paid subject to normal payroll deductions/taxes. Employees receiving this stipend must maintain cell phone service, including e-mail and text service, and must respond to phone calls and emails related to City business in a timely manner. Employees who are provided this stipend must also provide the Chief of Police with their current cell phone number within two days of activation or from any change. The City is not responsible for any charges or obligations that result from service agreements entered by the employees. The cell phones belong to the employees. Nevertheless, because the cell phones will be used for City business, the phone records, including monthly statements, may be subject to the requirements of the Florida Public Records Law, with the exception of any information that is considered exempt from public disclosure under such laws. Either party may request this Section be re-opened for negotiation in the event that measures that conflict with this Section are deemed necessary in order to most efficiently comply with Florida Public Records Law. Employees shall not be eligible for the cell phone stipend while on leave without pay or extended leaves of absence; however, employees' responsibility to keep the City apprised of their contact information and to respond to phone calls from the City in a timely manner is not relieved during such temporary ineligibility for the stipend.

ARTICLE 21

TAKE-HOME VEHICLE POLICY

Bargaining unit employees shall be eligible for a take-home vehicle under the same terms and conditions as the City's sworn police Administrative Officers.

ARTICLE 22

CIVIL SUITS

- 22.1: The City shall provide a proper defense, inclusive of court costs and attorney's fees, for any Bargaining Unit Employee relating to any Civil Suit arising out of their employment and within the scope of said employment; provided the employee has not acted with malice and intentionally violated the rights of an individual.
- 22.2: The City shall hold harmless and indemnify all Bargaining Unit Employees from financial loss arising out of any claim, demand, suit, or judgment for damages suffered as a result of any act, event, or omission of action in the scope of employment as Police Lieutenant. This provision shall not apply if the employee exhibited wanton and willful disregard of human rights, safety, or property.

ARTICLE 23

DRUG FREE WORKPLACE

- 23.1: The City and the Union recognize that employee substance and alcohol abuse may have adverse impacts on City government, department operations, the image of City employees, and the general health, welfare, and safety of the employees and the general public at large. Therefore, the City and its employees will best be served by maintaining a Drug Free Workplace where the City has the right to require employees to submit to toxicology and alcohol testing designed to detect the presence of any controlled substance, narcotic drug, or alcohol. Employees shall be subject to testing at the following times: Pre-Employment, Random, Post-On-the-Job Accident/Injury, Reasonable Suspicion, and Return-To-Duty & Follow-Up.
- 23.2: Illegally using, possessing, soliciting, buying, selling, or being under the influence of alcohol, drugs, or abusive use of controlled substances while at work is prohibited. Employees are further prohibited from consuming illegal drugs or abusively using controlled substances on or off duty, or from consuming alcohol on duty. Illegal use includes use of any illegal drug, misuse of legally prescribed drugs, and use of illegally obtained prescription drugs. This section shall not be construed to prohibit “social drinking” on the employee’s own time, provided that such “social drinking” does not adversely affect the performance of an employee’s job functions, the employee’s own safety, or the safety of others. The Director of Human Resources or designee shall serve in the capacity of Drug Free Work Place (DFWP) Coordinator.
- A. Any applicants or employees found with the presence of alcohol, any illegal drugs, or controlled substances in their systems; in possession of, transporting, manufacturing, using, selling, trading, or offering for sale illegal drugs, controlled substances or alcohol during working hours; or on City premises, in City equipment, either owned or operated under City authority, or convicted of a drug related offense committed anywhere at any time after the effective date of this Agreement, are subject to disciplinary action up to and including discharge.
 - B. No employee may report to work after having used alcohol or any controlled substance within a time frame that results in the presence of alcohol or a controlled substance still being in their body at levels in excess of limits set by State Law for a Drug-Free Workplace.

Employees that are taking prescribed controlled substances must advise the DFWP Coordinator in writing and review the side effects of the drug with the DFWP Coordinator no later than the start of the first workshift following commencement of taking the prescribed controlled substance. To avoid unnecessary delays in employees reporting to work, initial notification may be made orally to the DFWP Coordinator, or in his/her absence, to the Chief of Police or a designated Administrative Officer, provided the documentation is submitted to the DFWP Coordinator as soon as administratively possible. At the

City's request, the employee may be required to provide a signed document from the prescribing physician advising of the possible side effects or lack thereof. All requirements of this section also apply to subsequent dosage changes.

- C. Law enforcement officials shall be notified, as appropriate, where criminal activity is suspected.

23.3: Employees shall be subject to testing and may be required to submit to a blood analysis, urine analysis, intoxalyzer, or other approved testing method at the following times:

- A. Pre-employment – conducted after an offer to hire the applicant is made or upon recall from a layoff, but before actually performing duties.

- B. Reasonable suspicion – conducted when a trained supervisor or city official observes behavior or appearance that is characteristic of alcohol or drug misuse.

1. Reasonable suspicion includes, but is not limited to the following:

- a. Observable phenomena while at work, such as direct observation of illegal drug use or the physical symptoms or manifestations of being under the influence of an illegal drug, controlled substance, or alcohol;
- b. Abnormal conduct or erratic behavior while at work or a general deterioration in work performance;
- c. A report of an employee using illegal drugs or misusing or abusing controlled substances or alcohol, on or off duty, provided by a reliable and credible source, which has been independently corroborated;
- d. Evidence indicating that an individual has tampered with a drug test administered under this policy during his/her employment with the City;
- e. Information that an employee has caused or contributed to any type of accident where there is reasonable suspicion that the employee involved in the accident is under the influence of alcohol or other drugs; or
- f. Evidence indicating that an employee has used, possessed, sold, solicited, or transferred drugs while working or while on the City's premises, or while operating a City vehicle, machinery, or equipment.

g. **NOTE:** The occurrence of any one or more of the above items a. through f. must be documented in writing with a copy to the affected employee.

- C. Return-to-duty & Follow-up – Return-to-duty drug/alcohol testing is conducted before an employee who has been suspended for violation of this Drug Free Workplace Policy is reinstated and permitted to return to work. Follow-up tests are conducted unannounced and up to four (4) times per year for two (2) years after the individual has been reinstated.
- D. Employees must promptly submit to any of these tests when they are advised by a supervisor to do so. Refusing to promptly submit to a test has the same consequences as failing a test. Failure to cooperate with medical personnel during clinical sample collection procedures (including completing and signing designated forms) is considered a refusal.
- E. Post On-the-Job Accident or Injury - to be conducted any time:
 - 1. an employee or any other person suffers an injury where horseplay, gross negligence, or a violation of safety rules and procedures contributed to the individual's injury or resulted in property damage; and
 - 2. there is reasonable suspicion that the injury or property damage is the result of the employee being under the influence of alcohol or drugs.
- F. Random – Random drug/alcohol testing may be conducted.

23.4:

The City and its designated medical facilities will follow split-sample collection procedures for the collection of urine samples. Urine analysis shall be designated protocol when testing for drug use, and blood sample analysis shall be the designated protocol when testing for alcohol use. The City, at its discretion or when unusual circumstances dictate, may follow blood sample collection procedures instead of collecting urine for drug tests, or may take breath samples with an intoxalyzer when testing for alcohol. The employee shall be accompanied by a designated member of the City staff until collection and submission of a specimen for laboratory testing has been completed. Following the split-sample collection procedures, the laboratory shall keep one-half of any sample that is confirmed positive in storage for 210 days (or longer if a written notice is received) after which the laboratory may discard the sample.

- A. The City shall designate an independent physician as its Medical Review Officer (MRO). The MRO shall conduct an independent review of both test procedures and results before the results are submitted to the City's DFWP Coordinator.
 - 1. The MRO shall notify the donor (employee or job applicant) of a confirmed positive test result within three (3) days of receipt of the test result from the laboratory, and shall inquire as to whether prescriptive or over-the-counter medications could have caused the positive test result. The MRO shall

review any medical records provided by the donor and evaluate any prescriptions provided by a doctor to the donor.

2. The MRO shall process any employee or job applicant requests for a retest of the original split-sample specimen, made within 180 days of notice of the positive test result, at another licensed laboratory selected by the employee or job applicant. The donor requesting the additional test shall be required to pay the costs of the retest, including shipping and handling expenses. The MRO shall contact the original testing laboratory to initiate the retest.
 3. If the MRO is unable to contact a donor who tested positive within three (3) working days of the MRO's receipt of the test results from the laboratory, the MRO shall contact the employer and request that the employer direct the donor to contact the MRO as soon as possible. If the MRO has not been contacted by the donor within two (2) working days from the request to the employer, the MRO shall verify the report as positive.
- B. All parties involved in the testing process, including collection site, laboratory, Medical Review Officer, and employer, shall maintain employee confidentiality as required by regulations.
- C. Any employee wishing to contest a positive drug test result must request a retest of the split-sample specimen within 180 days after having received notification of the positive result. The results of any such alternate tests shall be forwarded to the City in the same manner as the initial test results.
1. The employee must direct a written request that the split-sample specimen be tested by a different Florida Agency for Health Care Administration (ACHA) or United States Department of Health and Human Services (DHHS) certified laboratory to the City Medical Review Officer (MRO) or the City's DFWP Coordinator.
 2. If the employee files a written request for an analysis of the split-sample specimen within the mandatory 180 days of having been notified of a verified positive drug test, then the MRO shall direct in writing that the laboratory forward the original split-sample specimen to an agreed upon ACHA or DHHS-certified laboratory for analysis. Employees shall pay all costs related to any analysis of split-sample specimens resulting from their appeal or challenge.
- D. If requested by the employee, the City will allow Union representation during the testing process subject to the time constraint and the availability of the on-site participation of a business representative of the labor bargaining unit. It is understood that the City shall make every normal attempt to contact the union representatives in order to allow Union representation during the testing process,

but that the City is not required to take extraordinary measures to ensure the presence of a labor representative during testing.

23.5: Drugs, metabolites, alcohol, and other substances for which the City will screen an employee's urine and/or blood sample include any illegal drug or any substance identified in Schedules I through V of Section 202 of the Controlled Substance Act (21 U.S.C. §812), and as further defined in 21 CFR Part 1300, as may be amended from time to time by State or Federal law. This includes but is not limited to the following: Alcohol, amphetamines, barbiturates, benzodiazepines, cocaine metabolites (benzocetgonine), marijuana metabolites (delta-9-tetrahydrocannabinol-9-carboxylic acid), methaqualone, opiates, phencyclidine, methadone, and propoxyphene. All samples which test positive on a screening test shall be confirmed by gas chromatography/mass spectrophotometry (GC/MS). Employees shall list all prescription and non-prescription drugs they are using prior to providing a blood/urine sample and shall be required to produce evidence of their legal drug and/or substance use, as defined above, within twenty-four (24) hours of their drug screening test by the production of a written prescription from a licensed pharmacy or written authorization from a licensed medical doctor. Test results shall be treated with the same confidentiality as other medical records. The standards to be used for employee drug testing shall be those set forth in Florida's Drug Free Workplace laws (Sections 440.101 and 102, Fla. Stats.) and the related sections of Florida's Administrative Code, which the parties recognize may be amended from time to time.

- A. Other drugs and substances may be tested for by the City at its discretion. In that event, they will be tested at levels according to generally-accepted toxicology standards. Employees shall have the right to consult the testing laboratory for technical information regarding prescription and non-prescription medication.
- B. Retesting Specimens – As some analytes deteriorate or are lost during freezing, refrigeration, or storage, quantification for a retest is not subject to a specific cutoff requirement but must provide data sufficient to detect the presence of the drug or metabolite.

23.6: Should an employee violate this drug and alcohol abuse policy, the City has just cause to discipline, terminate employment, or suspend the employee with or without pay, and may require the successful completion of a rehabilitation treatment program that is pre-approved by the DFWP Coordinator prior to reinstatement. These measures are taken in order to ensure that the employee is participating in a meaningful program that can result in reinstatement.

- A. Buying and/or selling drugs would generally be considered a more serious violation with less opportunity for rehabilitation than the personal use of illegal drugs or alcohol would have.
- B. If the employee feels that the City did not have just cause to discipline the employee for violating this Article, the employee may grieve the City's decision following normal labor agreement procedures.

- C. If the City chooses to suspend an employee while the employee submits him- or herself to a rehabilitation program rather than terminate the employee, the employee may be suspended without pay during the initial treatment phase (minimum of six (6) counseling sessions) of the rehabilitation program. The initial phase of the counselor-recommended rehabilitation program shall be completed within ninety (90) days of the causal event, and the employee shall also actively participate in any ongoing follow-up treatment that is prescribed or recommended by the counselor.
1. While it is the employee's responsibility to actually select any such rehabilitation program that they might participate in, all such programs must be pre-approved by the DFWP Coordinator in order to ensure that the employee is participating in a meaningful program that can result in reinstatement.
 2. All costs associated with a rehabilitation program are the responsibility of the employee. The employee's health insurance plan may provide benefits that pay for such treatment. While continued employment may be contingent upon successful participation in a rehabilitation program, the actual participation in any such rehabilitation program is strictly voluntary on the part of the employee.
 3. The employee shall be required to sign a consent form which allows the City to obtain information about the employee's progress and successful completion of such program. Refusal to sign such consent form shall be considered the same as the employee's resignation. If the rehabilitation treatment provider will not provide information directly to the City even with a consent form, or if the information provided is insufficient, the employee shall obtain a treatment status letter from the provider to provide to the City within fifteen (15) days of the City's request. The treatment status letter shall include dates of attended and missed appointments; provider's recommendations; status of treatment plan, i.e., participation or non-participation, and continuation or discontinuation of recommended plan of action; and fitness-for-duty status.
 4. An employee that is suspended for the duration of an initial treatment program is eligible for reinstatement immediately upon the successful completion of both any specific employment suspension and the more intense, initial treatment part of the approved rehabilitation program. It is the suspended employee's responsibility to petition the City for reinstatement and to provide proof of satisfactory completion of the program. An employee who fails to successfully complete the entire initial rehabilitation program within ninety (90) days, or longer if recommended by a program counselor, of the causal event may have his/her status changed from suspended to terminated at the end of this period.

5. In order to be eligible for continued employment after reinstatement, the employee must actively participate in and complete any follow-up treatments that have been prescribed or recommended by the counselor. A reinstated employee that fails to comply with all aspects of any extended prescribed or recommended treatment program may be suspended or terminated for failure to complete the treatment program.
6. The City may allow the employee to utilize accrued paid leave, or in the case of an employee who exhausts or has insufficient leave available to complete the initial rehabilitation program, may place the employee in a medical leave without pay status during the initial period of rehabilitation.
7. Prior to being reinstated, the employee must submit to and pass drug and/or alcohol testing. The City shall also require random follow-up testing of such employee of up to four (4) times per year for a two (2) year period immediately following reinstatement. The City shall only offer to participate in the rehabilitation of an employee one time. Thereafter, future relapses may result in termination.

23.7: The Federal Drug Free Workplace Act requires that any employee convicted of a violation of any criminal drug statute for violations occurring on or off City premises while conducting City business, must notify the City within five (5) calendar days of such violation. Failure to notify the City shall result in disciplinary action, up to and including termination.

23.8: Employees who voluntarily come forward and admit to abuse of legal and/or illegal drug use including alcohol and request assistance for their problem will be referred for rehabilitation following the guidelines of Section 23.6, and may use their own leave, donated time or may be given a medical leave of absence of up to ninety (90) days, if necessary, to obtain required rehabilitation. Such employees will be subject to return-to-duty and follow-up testing. To be voluntary, the employee must come forward completely of his/her own accord in the absence of any pending discipline or investigation of said employee by the City. In addition, an employee will not be considered to have voluntarily come forward if coming forward was precipitated by a drug or alcohol related arrest.

23.9: A list of rehabilitation programs available in Dade, Broward, and Palm Beach counties is maintained by the Human Resources Department. However, insurance-provided rehabilitation can take place only at the facility(ies) available in the employee's selected group insurance program, and the entire cost of the program and any follow-up care will be the total responsibility of the employee. The City maintains an EAP program and recommends that all rehabilitation efforts by employees start there.

23.10: The parties agree that an employee's refusal to submit to testing in accordance with the provisions of this Article will be considered the same as having had a positive test result, and disciplinary action may be taken against the employee, up to and including

termination. Furthermore, if an employee is injured on duty and refuses to submit to a test for drugs and/or alcohol, under Florida Department of Labor Regulation, they forfeit eligibility for all workers' compensation and indemnity benefits and shall be disciplined and/or terminated. If it is determined that the employee's alcohol or drug abuse contributed to a work-related injury, then workers' compensation benefits may be denied.

A. An injured employee that is being denied workers' compensation benefits as the direct result of a positive test result shall first be given the opportunity to present evidence that the alcohol and/or drug use was not the proximate cause of or did not contribute to the injury having occurred. If the employee is successful in doing so, then workers' compensation benefits will not be denied. This subparagraph will not have any direct effect on any other disciplinary action that may have been or may be implemented.

23.11: Upon receiving notice of a positive confirmed test result from the MRO, the City shall, within five (5) working days, inform an employee or job applicant in writing of such positive test result, the consequences of such result, and the options available to the employee or job applicant. An employee or job applicant who receives a positive, confirmed test result notice from the City may, within five (5) working days after receiving notice, submit information to the employer contesting the test result, and/or explaining why the result does not constitute a violation of the employer's policy. If the explanation is unsatisfactory, the City shall provide a written reply stating why the employee's or job applicant's explanation is unsatisfactory.

23.12: It is recognized that technology may, from time to time, improve the type and/or testing methods available for drug and/or alcohol testing. In that event, the City may change its testing methods or procedures and the employee may challenge said change through the grievance procedure if the employee believes that the City acted arbitrarily or capriciously. Testing procedures shall at all times comply with current regulatory requirements for drug and alcohol testing.

23.13: Each employee will be required to sign a written statement acknowledging receipt of the policy and that they understand the consequences for any violation of this policy.

A. The City shall maintain employee drug test records in compliance with Federal and State regulations.

1. All such records shall be classified as confidential medical records with access permitted only on a need-to-know basis.

2. The City shall submit drug and/or alcohol program reports to regulatory agencies as required by regulations.

3. Release of test information to any other party shall be solely pursuant to a written consent form signed voluntarily by the person tested, unless such release is compelled by a hearing officer or a court of competent jurisdiction pursuant to an appeal taken under this policy, or unless deemed appropriate by a professional or occupational labor board in a related disciplinary proceeding.

ARTICLE 24

DURATION AND DISTRIBUTION OF THE AGREEMENT

- 24.1: This Agreement, after having been first executed by both parties in accordance with applicable Florida Statutes and PERC regulations, and after having been ratified by the Employees in the Bargaining Unit and adopted by the City Commission of Coconut Creek, Florida, shall become effective upon ratification and shall continue in full force and effect until September 30, 2022. This Agreement shall not be retroactive except to the extent provisions of this Agreement specifically so indicate.
- 24.2: On or before April 1st of the final year of the Agreement term, the City and the Union shall exchange proposals, although failure to exchange proposals by the date set forth does not negate either party's right to negotiate revisions in the terms and conditions of the Agreement.
- 24.3: Negotiations shall commence no later than June 1st, unless mutually agreed to in writing.
- 24.4: The City agrees to provide one copy of the ratified Agreement to each bargaining unit employee upon request and to post the entire Agreement on Coconet.

ARTICLE 25

TOTAL AGREEMENT

- 25.1: This Agreement constitutes the entire Agreement between the parties and no other written or verbal statements shall supersede any of its provisions. Any amendment or agreement supplemental hereto shall not be binding upon either party unless executed in writing by the parties hereto.
- 25.2: The parties further acknowledge that, during the negotiations which resulted in this Agreement, each had the unlimited right and opportunity to make demands and proposals with respect to any subject or matter not removed by law from the areas of collective bargaining and that the understandings and agreements arrived at by the parties after the exercise of that right are set forth in this Agreement.
- 25.3: This Agreement contains all benefits granted to employees covered by this Agreement. No other benefits exist by the Civil Service Code or otherwise, unless specifically set forth in this Agreement.
- 25.4: Therefore, the City and the PBA, for the term of this Agreement, each voluntarily and unqualifiedly waive the right, and each agrees that the other shall not be obligated to bargain collectively with respect to any subject matter not specifically referred to or covered in this Agreement; provided, that the PBA does not waive its right to impact bargaining in accordance with the law. Waiver of any breach of this Agreement by either party shall not constitute a waiver of any future breach of this Agreement.

ARTICLE 26

SAVINGS CLAUSE

If any provision of the Agreement or the application of such provision should be rendered or declared invalid by any court action, or by reason of an existing or subsequently enacted legislation, which would supersede any provisions of this Agreement that are in direct conflict, the remaining parts or provisions of the Agreement shall remain in full force and effect. The parties shall promptly negotiate a substitute for the invalidated Article, section or portion thereof.
